Sarah's Wood

Sarah Matheson founded the MSA Trust to bring hope and support to people with MSA and their families. On 13 June 2017, 20 years on, we will launch Sarah's Wood in the heart of Sherwood Forest. It will be a lasting symbol of the strength of the MSA community in the face of this terrible condition.

Hugh Matheson, Sarah's brother, would like to invite you to come along to Thoresby Estate for afternoon tea and to plant the very first acorns / saplings of the mighty Sherwood Oak tree. There will be an opportunity to meet with Trustees and staff and visit the site of the new wood. There will be updates on research and plans for our future work.

Be part of a lasting symbol for all affected by MSA.
