

# Multiple System Atrophy Trust

MSA is a rare and progressive neurological disease that currently has no cure.

## MSA affects

brain cells needed for...

movement,  
speech,  
swallowing  
and  
continence.

## We provide an MSA Nurse Specialist service

- Practical support and information
- Regional Support groups
- Training on MSA for healthcare professionals.

The MSA Trust is the UK and Ireland's only charity supporting people with MSA.

We have a growing membership of over

# 6,000

members, including people with MSA, carers, families, friends, as well as health and care professionals.

## We also fund vital research

to find the  
cause and  
cure for MSA.
