

Dear X,

I hope you are well.

I'm getting in touch because I support a charity called the Multiple System Atrophy Trust (the MSA Trust,) a charity the helps support people with MSA, a rare, indiscriminate neurodegenerative disease without known cause or cure. It affects the body's autonomic functions, causing a person to become locked in their own body, unable to walk, talk, swallow or control their bladder or bowels, whilst cruelly, intellect and the ability to feel pain, remain intact

The MSA Trust carry out vital work, providing specialist support through their MSA Nurse Service, funding research into the causes and treatment of MSA, and offering information and guidance to individuals and families coping with this challenging condition.

I wanted to ask whether **(company name)** might consider supporting the MSA Trust. This could be through;

- Charity of the Year
- Workplace fundraising initiatives
- Match Giving Donations
- Payroll Giving Schemes
- Sponsorship or Corporate Donations

I believe this would be a great opportunity for the company to be seen supporting an important cause while also encouraging employee engagement and community impact.

For more information, you can visit the website here:

If you have any more questions, the Trusts fundraising teams email address is;

fundraising@msatrust.org.uk

Thank you for taking the time to read this email and thank you for considering this request.

Kind regards,

XXXX
